

Small Groups

There are more than 15 small groups, and new groups are often forming to inspire you to live the kind of spiritual life you've always wanted. You'll have access to the best small group resources, including multimedia studies by leaders in Christian education and open, honest discussion of real-life experiences within your small group.

Commit to meeting at a time that suits your schedule over the course of a season or a year (fall, winter, spring/summer). Are you looking for a mid-day group or an evening group; a group that meets monthly, bi-weekly, or weekly?
